VOLUNTARY ANNOUNCEMENT BUSINESS UPDATE — INCREASE IN PRODUCTION VOLUME

This announcement is made by DIT Group Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) on a voluntary basis. The Company would like to give an update of its latest business development to its shareholders and investors.

The board of directors of the Company wishes to announce that the Group’s production volume and capacity utilisation of prefabricated construction components and products have both increased significantly as compared to last year. As of 30 September 2021, the Group’s production volume of prefabricated construction components and products reached 272,400 cubic meters, a year-on-year increase of 28.11%. During the year, the Group successfully won the bid for the joint procurement of China Urban Realty Association, which led to an increase in orders. In addition, many PC factories were successfully put into operation and the Group’s research and development achievements were gradually implemented, the digitalization, automation and component standardization level of the factories have been improved, thus boosting the production volume.

Mr. Guo Weiqiang, an executive director of the Company, says, “We are confident in the prefabricated construction industry in China, which is greatly supported by the central government. It is expected that the development scale of prefabricated construction industry in China will continue its skyrocketing growth. In addition, the Group’s newly added gardening and decoration businesses are rapidly developing. The Group established a joint venture with Dongzhu Ecological, a leader in gardening and held the opening ceremony of

the company at the end of September. The two businesses, together with our prefabricated construction component and product business, will promote the growth of the Group's business across the entire industry chain.”
